From My Heart to Yours...

"The only thing constant is change." -Heraclitus, a Greek philosopher

Change being the only constant seems to be true here at BCPC. In the thirteen years I have been pastor, we have seen people come and go, buildings rise and fall, and programs developed and redeveloped according to need, for as the old folk song reminds us, *"The times they are a changing."*

And here we go again. Tracy Folger who has been my Administrative Assistant and Office Manager over the last year is leaving. Tracy is leaving to be more involved with her husband's business. Tracy has been a blessing to our church through a time of transition. She was not only efficient but kind and flexible, willing to do whatever was needed. Tracy will be missed, and we send her off with our deepest thanks and blessings.

Our new Administrative Assistant, Office Manager and Book Keeper will be Lori Anderson. For those of you who are new to the church, Lori was our Administrative Assistant before Tracy. When asked if she was interested in coming back to BCPC, Lori said, "Yes," and we are deeply grateful!

A church cannot exist without a good staff and we are fortunate to have the best! Rev. Rachel Lackey is our Minister of Music. Renee Mercer is our custodian. Josie Parker is in charge of the nursery, and now Lori Anderson is in charge of our office. So I am dedicating the month of July as "Staff Appreciation" month! Please take the time to send a note, leave a little gift, or just say, "Thank you," in person to the wonderful people who make our church thrive!

Pastor Terry
